# How to use these situations

- **Class game:** read a situation aloud or put it on the screen. Each student (or team) picks the Doctrinal Mastery passage that fits best and explains why in one sentence. The class or teacher picks the best match.
- **No-tech version:** students use their scriptures or a printed Doctrinal Mastery list. Any passage can win if the student explains why it fits.
- **Discussion starter:** pick one situation to open a lesson, then look at the suggested passages together.
- **Free online version:** the Scripture Match game puts the situation on the projector and a hand of passage cards on every phone. It sets itself to this year's course and remembers which situations your class has already seen.
